About the seminar

Since the birth of a child its education starts, without education, mental faculties of the individual do not develop up to their optimal level. As a result the individual remains deficient in his many aspects of life. But it is observed that parents try their level best to provide good education to their children, Educational institutions provide excellent courses and appoint qualified faculty members for the betterment of their students. Places of worship remain perching moral values to the people. Despite all these efforts, crime is on the rise among people and students at the school, college university levels and society at large. Our family system is at the average of collapse. To find the answer of the problem and root cause of fading away morality in human behavior, our LNT college of education is organizing one day national seminar entitled “**NEW Education and Development in the present scenario** “ 24/12/2024 at 10:00 AM in the seminar hall of the college
